

Product Group MFK

Machine feet made of stainless steel with rubber base to cope slopes on the floor and equipment

Standard Colours

- white

Material

- Thread: AISI 304 (A2)
- Rubber: NBR 72 Shore

Product information

- The rounded design of this type makes cleaning easy.
- The rubber pressed into the foot plate meets the USDA standard for rubber products.
- The machine foot can compensate for uneven floors up to 20°.
- The load capacity of the screw (buckling length!) may be less than indicated in the table.
